The following products and or services have had the following claims authenticated and granted the use of GECA’s Type II Claims Authentication label.

**Licence number:** SSA-2022  
**Issued to:** Slurry Solutions Australia  
**Issue date:** 10th October 2022  
**Licensee since:** 10th October 2022

### Product or Service

BigDog T2000

### Claim Authenticated

1. The BigDog T2000 reduces pollutants like Total Suspended Solids (TSS) by 98%, Oil and Grease by 75% and Heavy Metals like Chromium by 75%, Copper by 87%, Lead by 67%, Nickel by 67% and Zinc by 87%, which would typically be found in construction wastewater, preventing them from entering watering systems and polluting our land.
2. The BigDog T2000 makes available upto 90% of input slurry wastewater for secondary use on-site, while encapsulating the remaining solids for compliant disposal.

**Address of head office:** 18b Burnett Street, Somerton 3062  
**Conformance assessment by:** GECA  
**Licence expiry date:** 10th October 2025

## **Conditions of your Good Environmental Choice Australia (GECA) Claims Authentication Licence**

This Claims Authentication Licence is issued against the GECA Claims Authentication Scheme. It does not imply that the company, products or services listed have met any of the standards set under the GECA Ecolabel Scheme or any other program offered by GECA.

You must:

- 1.** ensure that the claims listed on this certificate at all times comply with the relevant criteria assessed against;
- 2.** comply with the GECA Claims Authentication Scheme Rules, including meeting all of your obligations and requirements as set out in those Rules;
- 3.** not use the Good Environmental Choice Australia Claims Authentication trade mark other than under and in accordance with a GECA trade mark licence agreement; and
- 4.** notify GECA of any changes to any of the Products or Services claims authenticated, including any change in the design, composition, materials, supplier, supply chain or method of manufacture, within 10 business days of any such change being implemented that may affect the authentication of the claims.

This certificate may be suspended or cancelled by GECA in accordance with the Scheme Rules

This certificate must not be displayed or otherwise used:

- 1.** if it is suspended or cancelled by GECA;
- 2.** after the licence expiry date listed on this certificate;
- 3.** in any way that might imply that a claim for a product or service other than the Products or services has been accredited as meeting a GECA's claim criteria; or
- 4.** in any other way that is likely to cause deception or confusion amongst the public.
